

Braintree Youth Project Charity

Key Holding Policy

Purpose:

Braintree Youth Project Charity (BYPC) also known as '**The Hut**', has created this key holder policy in order to maintain the security of the premises (Fountain Cottages), and its contents. It is also intended to help protect staff members and young people by safeguarding confidential information that may be held in the office.

Policy:

1. It is the policy of **BYPC** to only issue keys and lock codes for the premises and rooms to members of the Board, Staff and volunteers on a "required for role basis", to ensure that the minimum number of people have free access to **The Hut**, thus minimising risk of unauthorised access. Therefore, the issued keys and codes are for the sole use of the person they have been issued to. Key holders must not make any copies of the keys under any circumstances, or hand out any keys and codes to any unauthorised person. Every key will remain the property of **BYPC**.

1.1 The **BYPC** site is to be left secure at all times. This includes making sure relevant internal and external doors, as well as gates, are locked when the key holder leaves the site.

2. Identified key holders must sign the **Key Holder's Register** (see **Appendix A**) and the **Key Holder Agreement Form** (see **Appendix B**) which will be kept securely in the office by the **nominated person**, to ensure there is an up to date record of current key holders at any given time.

2.2

2.2 The **Nominated person** for the **Key Holder's Register** will ensure it is kept up to date and will be responsible for issuing keys and codes with the permission of **The Board**.

2.3 The **Key Holder's Register** will ensure excellent operational administration and provide a clear audit trail in the event of any security issues as they arise.
